

National Recognition and Credit Transfer Policy

Master Builders Association of Victoria

1. Purpose

In accordance with the Standards for Registered Training Organisations (RTO) 2015, Master Builders Association of Victoria RTO (hereinafter called “Master Builders”) recognises AQF qualifications and Statements of Attainment issued by other Registered Training Organisations throughout Australia.

2. Scope

All Master Builders operations relating to its Scope of Registration are currently listed on the National Register at www.training.gov.au.

3. Definitions

The **Australian Qualifications Framework** (AQF) is a comprehensive policy framework that defines all qualifications recognised nationally in post-compulsory education within Australia.

Credit Transfer is one of a number of processes for establishing credit. It provides a means for students to gain credit in an AQF qualification on the basis of completed components of another AQF qualification or other formal learning.

Testamur is an official document that confirms that a qualification has been completed and awarded to an individual. The information included in this document is stipulated in the AQF.

4. Policy Statement

As a Registered Training Organisation, authorised to deliver training and issue qualifications under the AQF, Master Builders recognises all AQF qualifications and Statements of Attainment issued by other RTOs throughout Australia for qualifications and Units of Competency currently on Master Builders Scope of Registration.

Master Builders does not recognise partial completion of a unit through the national recognition process.

Master Builders is not obliged to issue any certification that would be entirely comprised of units or modules completed at another RTO or RTOs.

5. Policy Principles

If this is not the case, the designated staff member must immediately seek further clarification from the issuing RTO.
- Designated staff members verify the evidence for authenticity, completeness and compliance with the Australian Qualifications Framework Second Edition 2013 and the VET Quality Framework.
- On confirmation of authenticity, validity and completeness of AQF qualifications and/or Statements of Attainment and application, designated staff members forward the evidence to the Head of Training for Credit Transfer endorsement.
