

# Unique Student Identifier Policy

## Master Builders Association of Victoria

### 1. Purpose

The purpose of this policy is to ensure all activities relating to the USI of learners within the RTO are managed to ensure privacy, accuracy, reliability and in accordance with the Student Identifier Act 2014.

### 2. Scope

This policy applies to all students enrolling with Master Builders Association of Victoria (herein referred to as Master Builders) after 1<sup>st</sup> January 2015.

### 3. Definitions

**USI** - means Unique Student Identifier.

**Verify** - (in this policy) means electronically verifying the USI using an embedded **Auskey** - linked to the SMS and the Unique Student Register.

**SMS** – means an AVETMISS compliant Student Management System

### 4. Policy Statement

The Student Identifiers Act 2014, the Regulations, and the Standards for NVR Registered Training Organisations, require that Master Builders collects and verifies the USI for every student, before conferring a qualification or statement of attainment. Master Builders is also required to include the USI for every student when submitting data pursuant to the VET data collection and reporting requirements.

Master Builders is connected to the USI Registry System through its Student Management System.

### 5. Policy Principles

The RTO will gather and utilise personal information in order to meet their obligations to create and/or verify a USI in accordance with Student Identifiers Act 2014.

Master Builders does not take the responsibility to create a Unique Student Identifier on behalf of the learner.

# Unique Student Identifier Policy

Learners will need to create their own USI and inform Master Builders of their USI.

All Student Identifiers, once obtained will be verified using a compliant Student Management System (VETtrak).

An AQF qualification will not be issued to a learner:

- a) who has not created a USI;
- b) who has not provided the RTO with their USI;
- c) when the RTO is unable to verify the USI.

Students will be advised that the results of the training will be accessible through the Commonwealth and will appear on any authenticated VET transcript prepared by the Registrar.

Personal information gathered for the purpose of obtaining verification of the USI will be used and stored in accordance with the Privacy Policy and Student Records Management Policy in place.

Personal information gathered for the purpose of obtaining verification of the USI will be destroyed in accordance with the Privacy Policy and Student Records Management Policy.

## 5.1 Procedure

### Inform the learner

At enrolment provide the student with:

- a) Link to the USI student fact sheet – provided through the USI website <http://www.usi.gov.au>;
- b) Course Information Sheet which contains information about the USI;
- c) Link to Master Builders website and all Policies including the Master Builders Privacy policy and the Master Builders Complaints, concerns and appeals policy;
- d) Learner creates their own USI and informs the RTO;
- e) Where an exemption to the USI applies, Learning and Enrolment staff will inform the student prior to either the completion of the enrolment or commencement of training and assessment, whichever occurs first, that the results of the training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the Registrar.

### Verify the USI

The USI is entered into the SMS database (VETtrak) and is verified by this system.
