

Manage Occupational Health and Safety

Course Information Sheet

About the course

This course is delivered by **Master Builders Association of Victoria (RTO no 3935)**.

The risk of a serious or fatal injury is considerably higher for building and construction workplaces than in any other industry. Awareness of potentially unsafe and risky work practices and your legislative responsibilities for the workplace safety of others is imperative.

This **nationally accredited short course** provides advice on suitable safety training and site induction procedures as well as safety training, risk management and workplace inspection techniques.

After successful completion of the 1-day course, participants will be awarded one nationally accredited unit of competency:

- **CPCBC4002A Manage occupational health and safety in the building and construction workplace**

Learning outcomes

Students will have gained the skills and knowledge to:

- Apply the legislative framework and associated regulatory requirements underpinning an OHS safety management system
- Identify construction specific hazards and potential risks in the building and construction workplace
- Educate, communicate and advise on suitable risk control measures.

Who should study this course?

This course is suitable for:

- Builders, site managers, foremen, construction managers
- Other building practitioners involved with the management of small- to medium-sized building businesses who wish to become the appropriately registered person with responsibility under Victorian building legislation.

Master Builders' entry requirements

Due to the accelerated nature of this course, it is recommended that students have at least three (3) years experience in the building and construction industry.

What you need to bring to class

You must bring a pen and a notebook to class.

In addition, you must bring evidence of entitlement to study in Australia to your first class (not necessary if you have already presented this to Master Builders).

- Photo ID

and ONE of the below:

- Original or certified copy of green Medicare Card OR
- Original or certified copy of Australian or New Zealand Passport OR
- Original or certified copy of Australian Birth Certificate OR
- Original or certified copy of Naturalisation document OR
- Original or certified copy of Visa or Immigration documentation.

Please note: You will not be able to attend the class until evidence of entitlement to study has been presented.

Learning support

Master Builders provides additional support to students who require assistance in completing their course assessments and requirements. A range of support services are available to students who experience literacy, numeracy and digital literacy difficulties.

Master Builders encourages all individuals with disabilities to apply for training courses in accordance with the requirements of the Equal Opportunity Act (Vic) 2010 and related legislation. Master Builders further encourages individuals from all social, racial, cultural and educational backgrounds to apply.

Course structure and duration

Delivery Mode: Blended

The course is delivered over **2 days or an equivalent period**.

Upon successful completion of this course, student will be awarded a Statement of Attainment by **Master Builders Association of Victoria (RTO Provider NO. 3935)** for the following units:

No.	Units		Delivery days
	Code	Title	
1.	CPCCB4002A	Manage occupational health and safety in the building and construction workplace	2

Recognition of Prior Learning (RPL) or Credit Transfer

Recognition of Prior Learning (RPL) involves assessment of any relevant skills and knowledge you have previously gained through learning and work activities (including formal, informal and non-formal) to determine if it matches any unit learning outcomes in the course you are studying. You will need to provide evidence to support your application.

Credit transfer means that if you have already successfully completed a unit of competency, you will be given credit for that unit and you will not have to study it again. The unit code and title must be exactly the same as the one you are seeking credit for. If the unit has been recoded, Master Builder's staff will determine if it is an equivalent unit. You will need Statement/s of Attainment to support your application.

If you decide to apply for RPL or credit transfer, we advise you to do it as soon as possible. The process takes some time and, if it is granted, you may not need to attend some classes.

Contact the Training Department on (03) 9411 4555 to discuss whether either of these pathways might be appropriate for you.

NOTE ON FEES: For information on RPL fees, contact the Training Department on (03) 9411 4555. RPL at Master Builders is not subsidised by Commonwealth and State government funding under the Skills First contract.

There is no charge for Credit Transfer.

Assessment

Assessment activities will be a combination of scenarios/case studies, written responses, portfolios of evidence, observations, simulated role plays, oral presentations and projects. All assessments will be contextualised to a construction workplace.

Unique Student Identifier

From 1 January 2015, all students who undertake Nationally Recognised Training must have a Unique Student Identifier (USI). Your USI means all your training records and results will be in one place.

See more at: <http://www.mbavtraining.com.au/content/unique-student-identifier-usi/>

To get a USI, go to: <http://www.usi.gov.au/create-your-USI/Pages/default.aspx>

Course fees
