

Preliminary Works (Domestic)

Course Information Sheet

About the course

This course is delivered and assessed by **Master Builders Association of Victoria (RTO no 3935)**.

The Preliminary Works (Domestic) Short Course outlines how to manage the building approval application process, including the required documentation and current regulatory and planning processes. The course explains how to select and prepare construction contracts. Finally, this course outlines how to produce a schedule of resource requirements for materials and labour and how to record (and track) costs.

This short course covers the main additional units of competency (outlined in the Building Regulations 2018) to prepare those wanting to apply for Domestic Builder (Limited) registration.

After successful completion of the 4-day course, participants will be awarded a Statement of Attainment for three (3) nationally accredited units of competency:

Recognition of Prior Learning (RPL) or Credit Transfer

Recognition of Prior Learning (RPL) involves assessment of any relevant skills and knowledge you have previously gained through learning and work activities (including formal, informal and non-formal) to determine if it matches any unit learning outcomes in the course you are studying. You will need to provide evidence to support your application.

Credit transfer means that if you have already successfully completed a unit of competency, you will be given credit for that unit and you will not have to study it again. The unit code and title must be exactly the same as the one you are seeking credit for. If the unit has been recoded, Master Builder's staff will determine if it is an equivalent unit. You will need Statement/s of Attainment to support your application.

If you decide to apply for RPL or credit transfer, we advise you to do it as soon as possible. The process takes some time and, if it is granted, you may not need to attend some classes.

Contact the Training Department on (03) 9411 4555 to discuss whether either of these pathways might be appropriate for you.

NOTE ON FEES: For information on RPL fees, contact the Training Department on (03) 9411 4555. RPL at Master Builders is not subsidised by Commonwealth and State government funding under the Skills First contract. There is no charge for Credit Transfer.

Assessment

Assessment activities may be a combination of scenarios/case studies, written responses, portfolios of evidence, observations, simulated role plays, oral presentations and projects. All assessments will be contextualised to a construction workplace. Assessments are submitted in electronic format through our Learning Management System. Training in the use of this system will be provided on the first day of the course.
